Full Stack Web Developer

Glendale, CA, 91202

ABOUT ME

Self-taught Junior Full Stack Web Developer with a passion for coding and a natural ability to learn and adapt quickly. With a strong focus on front-end and back-end development, I have honed my skills through a combination of personal projects and online courses, including HTML, CSS, JavaScript, React, Node.js, and more. Committed to delivering high-quality, user-friendly websites, I have a talent for creating custom solutions that meet the unique needs of each client. With a positive attitude and a willingness to continuously learn and improve, I am confident in my ability to deliver projects that exceed expectations and drive business success
